Safe Dismissal of Children

Dear Parents,

The safety of your children is our top priority. Therefore, we kindly ask you to observe the following rules when picking up students after classes:

- **Parents pick up children strictly at the gate.**
- **Children are not allowed to go to the parking lot on their own or cross over with older siblings.**
- **The teacher must personally see the person picking up the child (this also applies to the oldest grades).**
- **Please talk to your children and remind them to wait with their teachers and not run out into the parking lot.**

Thank you for your cooperation!
